Hello, I already paid invoice INV-2026-0441 on 2026-03-20 by bank transfer.
The reference on the transfer was TRF-7741290 and the amount was 410.40 USD.
Today I received another reminder saying the invoice is still unpaid.
The portal still shows an outstanding balance of 410.40 even though the
money left my account 25 days ago. Could someone please look into this?

I am concerned that I will be charged twice or referred to collections.
