Dear Ms Okafor,

We are writing about statement ST-2026-88 issued to your business. Our records show a carried-forward balance of 2,340.00 GBP from July and a further 780.00 GBP of charges for August, giving 3,120.00 GBP in total.

Your office advised our team on 3 August that 2,340.00 GBP had already been settled by standing order. We cannot trace that payment on our side, so the statement has been issued showing the balance as fully outstanding.

Please send us the bank advice slip so we can trace it. If the funds were in fact received we will correct the statement and close the query.

Kind regards,
J. Crane, Accounts Desk
